General sales terms (summary)

1. Contract Duration

The minimum contract duration is one year. The contract is automatically renewed annually unless terminated by either party with two months' notice. Monthly invoices are payable net 30 days, except for setup fees which are payable upon contract conclusion.

2. Services Provided

We provide accounting services and access to our systems as a service (SAAS) in accordance with Swiss legislation.

3. Termination

Contract termination must be made in writing and sent at least one year before the automatic renewal date.

4. Data Protection and Confidentiality

We are committed to protecting our clients' personal data in accordance with Swiss data protection legislation. All information provided by the client will be treated confidentially and will not be disclosed to third parties without the client's explicit consent, unless required by law.

A propos de LifeScience Services GmbH

LifeScience Services GmbH is a management consulting firm specialized in providing consulting and project management services to leading life sciences organizations.

Located in the heart of Switzerland, in the canton of Zug, we offer a comprehensive range of services, including strategy consulting, digital transformation, operations consulting, business development, and commercial launch preparation, among others.

Our team of expert partners brings extensive experience gained from leadership positions in the life sciences industry. We work closely with our clients to develop customized solutions that generate measurable impact and create value.

Our mission at LifeScience Services is to provide high-quality and independent consulting services that have a positive impact on the patient journey. We are committed to making a meaningful difference and helping our clients succeed in the dynamic and evolving field of life sciences.

As #GOATConsultants™, we are dedicated to providing nothing less than the best service.
